- 6/16— Jonathan
- 6/18— Ms. Adrienne
- 6/27— Nadir
- 6/27— Elijah
- 6/29— Evan
- 6/29— Liam

This Month

This month, we are spending the first week reviewing the Bugs and Insect Curriculum that we missed this Spring. We will also be conducting our Quarterly Assessments for our 3-5 year olds. This will help us to see where the children are, and what we need to be working on in the coming months. Then, we will show some love to all of our Dads, Grandpas, Uncles etc, with our "Father's Day" theme. Next up, we will have a "Summer Fun" Week, with Sprinkler Play (don't worry, we will not have any toys or standing water). And finally, we will be learning all about "Underwater Animals." *So much fun, we can't wait!!*

Children from Preschool through PreK are practicing our new safety protocols including social distancing, sitting in assigned seats, using trays for table top activities and wearing face masks.

Performance/Graduation

Unfortunately, we have had to cancel our Annual Spring Performance and Graduation Ceremony. We will have a small Ceremony in August for our Graduates. More details as soon as they are available.

Summer Fee

Our Annual Summer Program has been waived this year. We will still have an amazing Summer Program filled with fun crafts, snacks, and lots of learning to make up for the time lost during our closure.

Father's Day

Happy Father's Day to all of our Dads & Grandpas. In light of our current restrictions, we are not able to have our Annual Father's Day Snack. However we hope you will have a wonderful time with your children and loved ones.
